## THE COMPANY AND THE WINES

### VANZELLERS & Co.

Van Zellers & Co was established in 1780, although the family has been producing wines in the Douro region since 1620, thus making this family the oldest in the Port Wine industry. In the eighteenth century, Van Zellers & Co established the first maritime wine trade routes between Portugal and the Baltic States and was considered one of the most prominent Port Wine traders, exporting annually more than 1000 barrels. Respect for the Douro, its diversity, its people and traditions, keep the family in this business.

Cristiano van Zeller, 14th generation in the wine trade, dedicated his life to the Douro and its wines, first on his family property Quinta do Noval, then in the development of different projects in the region, namely Quinta Vale D. Maria until 2020 .

In 2007, Cristiano van Zeller receives a call from his cousin João, offering him the Van Zellers & Co brand as a Christmas present. Since then, Cristiano has been slowly building up wine stocks, buying Old Tawny Port Wines and has acquired vineyard plots in different areas of the Douro region to produce high quality DOC Douro and Port wines. In 2020, the family celebrated 400 years in the wine trade and relaunched the company with a new brand image. Van Zellers & Co wines are produced with the best grapes from vineyards that differ in location, altitude, age and grape varieties.

Van Zellers & Co's annual Port bottling is pre-defined and limited in quantity to maintain the high quality and ageing of each style. The bottling of Douro DOC wines is limited by nature, by the quantity that each vineyard produces. The company currently has 16 hectares of vineyards on the banks of the Torto River, Vale do Pinhão and Murça, and in 2022 produced a total of 49,172 bottles.
